

## Media release

Gümligen, 5. Juli 2024

# Privera takes over the business activities of VERIT Immobilien AG

Privera AG is taking over the business activities of VERIT Immobilien AG with retroactive effect from 1 July 2024. All VERIT locations and employees will be fully integrated into Privera AG. VERIT's existing clients will therefore continue to be served by the same mandate managers.

As a result, Privera will be strengthened with around 150 new employees and will be able to manage over 1100 new properties.

By merging and bundling the expertise, many years of industry experience and digitalisation skills of both companies, the market position will be sustainably consolidated and performance will be further strengthened.

Existing and new customers can rely on good quality and a high level of service.

Michael Stucki, CEO of Privera AG, says: 'The acquisition of the customers and employees of VERIT Immobilien AG is an important milestone for Privera AG in further expanding its position in the property sector and offering future-oriented solutions. Together with our new colleagues, Privera is looking forward to opening a new chapter in the support of our clients and their properties'.
