

Property Management

# Property Management

From tenant selection or administration through to technical services on site: our range of services for the management of your property is comprehensive. With PRIVERA, gain time and engage the services of an expert partner.

## We offer the professional management of

- Multi-family houses
- Offices and commercial properties
- Retail properties and shopping centers
- Co-ownership and storey ownership

## Benefit from

- Qualified and committed employees
- Transparent and efficient processes
- Advanced and intelligent IT solutions
- In-depth market knowledge
- Closeness to the customer – for us, this also includes closeness to our residential and commercial tenants
- Active, interdisciplinary cooperation with letting/construction management and brokerage divisions
- Our VAT competence center\*

\* For more than ten years, PRIVERA has run its own VAT competence center, which offers tailor-made solutions for every property owner. These range from occasional support in special cases through to complete owner representation in Swiss federal tax administration. Our VAT experts show property owners how they can increase their returns and answer questions related to the complex subject of value-added tax.
